

## **PARC- CATEGORIES WHEN ENTERING METADATA OR WRITING NARRATIVES**

Every document lodged in the library will have a metadata record with keywords. Keyword searching will operate across a number of fields in the metadata record, including title, abstract, keywords and the category field. This option has been chosen rather than searching by category, under which the engine would search that field only.

In the following list, the Categories are settled, but the examples are indicative only, not exhaustive.

### **Cultural heritage and awareness**

Examples: traditional practices; indigenous narratives

### **Economic issues**

Examples: funding; grants; budgeting; environment as “value”

### **Education, outreach and advocacy**

Examples: public education programs; leisure study; citizen science; sporting and recreation clubs; volunteering; community organisations

### **Health, fitness and well-being**

Examples: nature play; role of open space in mental health

### **Human resource management**

Examples: workplace health and safety; staff training; personnel management

### **Infrastructure, facilities and urban environments**

Examples: trails; play spaces; sports facilities; cycleways and footpaths; dog exercise areas; private gardens; urban design; urban ecosystems; sustainable architecture; turf management

### **Leisure activities (including sport and recreation)**

Examples: camping and caravanning; motoring; bushwalking; cycling; horse riding; water sports; indoor recreation; fishing; adventure recreation

### **Management and governance**

Examples: contract management; project planning; risk assessment; use of technology in planning and management; sustainable management

### **Natural resources and environment**

Examples: conservation; fire; water resources; pests; vegetation; climate change; biodiversity

### **Open space and recreation areas**

Examples: national, state and local parks; state forests; rivers and reservoirs; coastal waters and beaches; public parks and gardens; community gardens; botanic gardens; arboreta

### **Planning, policy and legislation**

Examples: federal, state and local plans and policy; legislation and regulations; planning guidelines; tenure administration; land use

### **Service provision**

Examples: services for people with disabilities; transport; hospitality

**Tourism and events**

Examples: tourism; events management; festivals; sporting events; ecotourism; cultural events
